Heroes work in our kitchen

In our world, heroes wear hair nets & caps.

Many of the families we serve are food insecure. When you work in our kitchen you will see drawings from grateful children who see *YOU* as the hero who made them their yummy meals and snacks.

We pride ourselves in serving nutritious meals. We don't repeat a lunch over an 8-week period! To be able to do this we need an excellent kitchen staff.

How does NOT working nights, weekends or major holidays sound? In fact, not only will you not be working Thanksgiving in this position, it is a *PAID* holiday!

This full-time position also includes a competitive benefits package (Health Insurance coverage begins on your 1st day).
